

TCell™ 1.0

Battery-free Passive
Odour Control System

Why is a clean and fresh-smelling washroom important?

ODOURS in a public washroom can **change perceptions of a business.**

Unpleasant washroom smells leave customers with a **negative perception** of a business and will **drive them away.**

Customer perception is **"SMELLS clean, IS clean"**!

Even the cleanest washrooms are subject to unavoidable odours.

TCell 1.0 is a discreet and effective passive air freshening system for an all day, every day fresh environment.

TCell 1.0

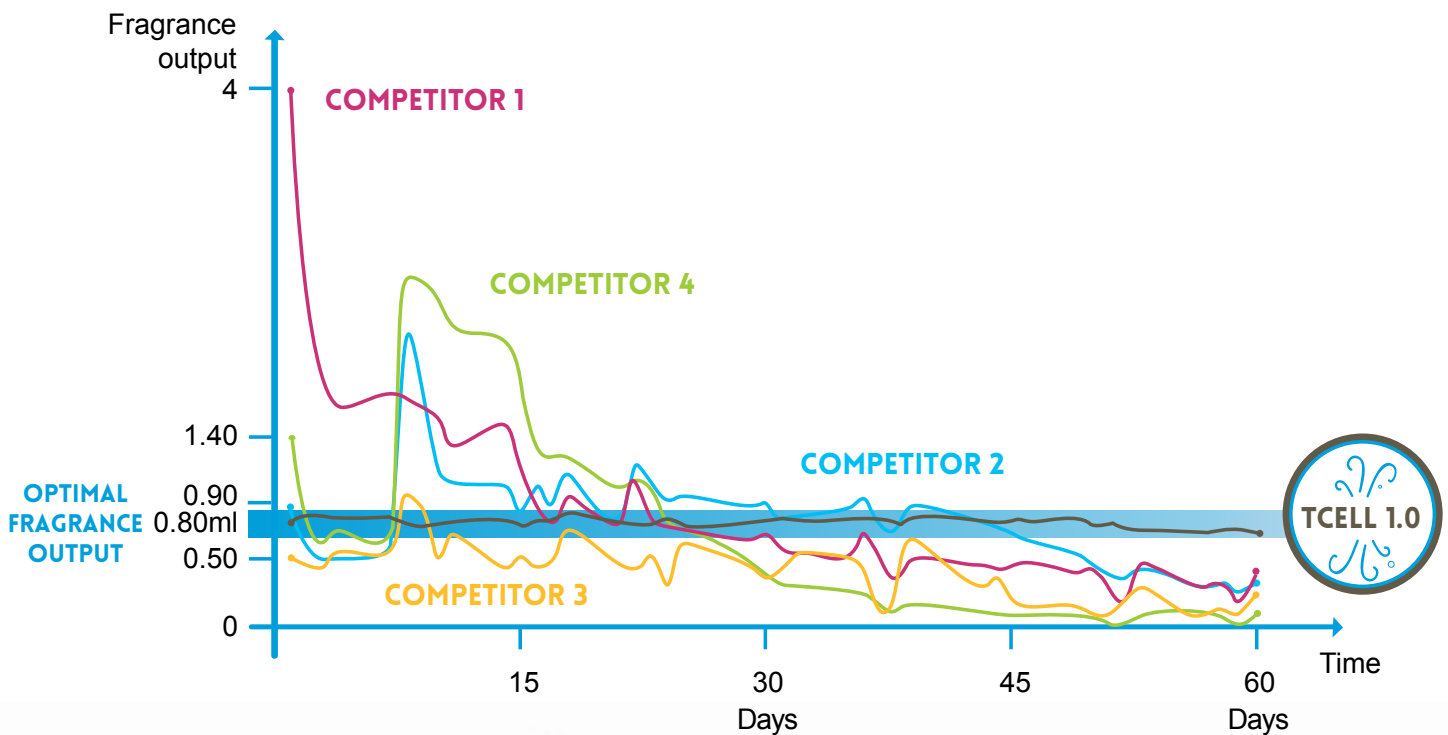

Battery-free Passive Odour Control System

- Consistent output of fragrance over the life of the refill
- Cost-effective air care solution that instantly enhances the image of any environment
- Wide range of 13 customer-preferred fragrances that lasts for 60 or 90 days without the use of batteries

The only passive system delivering consistent fresh smell for a full 60 days

Internal tests performed against other passive systems

Consistency over refill life

In contrast to competitor products, TCell 1.0 patented fuel cell maintains a **consistent output** of fragrance over the life of the refill.

End users can **"set and forget"** their air care system for up to 90 days with the peace of mind that the product will perform just as well on the last day as it did when installed.

Optimal fragrance intensity

TCell 1.0 maintains a **subtle and effective dose of fragrance** that is sure to leave customers with a positive washroom experience.

Get return on your investment

There is nothing worse than expecting a **60 or 90 day solution**, only to find your product is no longer effective after day 30.

TCell 1.0 provides an odor control solution throughout the entire life of the product - protecting your washroom and your bottom line.

And thanks to TCell 1.0 unique **90 days settings, you use 30% less refills** per year.
