

Rubbermaid®

Commercial Products

Work Smarter.

CATALOGUE EDITION 1B

HOW TO USE THE CATALOGUE

Waste Management

A large range of items to cover the waste management needs from the simplest waste bin to the most elaborate recycling system.

Cleaning

A full range of cleaning systems and small accessories offer you versatile equipment solutions to manage cleaning operations in all type of facilities.

Safety

An extended range of Floor Signs, Cones and Barricades to emphasize site safety, avoid slips and falls and secure areas in hazardous environments.

Skin care

Experience a new level of hygiene. Superior luxury liquid, foam and spray soaps are environmentally responsible with ingenious dispensers that ensure best cost-in-use.

Washroom solutions

Improve any washroom's image with Innovative dispensing platforms that deliver highly effective and cost-efficient odour control and cleanliness. World leading fragrances enhance the washroom experience.

Food Service

Rubbermaid Commercial Products' proven experience in Food Service equipment enables us to offer products to manage your Food Service business in accordance with HACCP guidelines.

Material Handling

Light and heavy duty transport Trolleys, Carts and Trucks will help you move material around faster and easily, saving time and avoiding painful back strain.

CERTIFICATIONS

ISO 9001

ISO 9000 is an internationally recognised quality management system that provides:

- Guidance for businesses that want to implement or improve quality systems within their business;
- Benchmarks that customers can use to evaluate a supplier's quality system.

ISO Certification of the Commercial Products Facilities perfectly embodies Rubbermaid® principles:

- ISO certification represents a commitment to continuous value improvement.

Rather than look at particular products, ISO reviews the systems and procedures through which businesses assure quality products.

- ISO certification shows that a company has built a culture of quality.
- ISO certification demonstrates a commitment to world class quality systems and the global marketplace.

ISO 14001

ISO 14001 is an internationally recognised Environmental management system that assists companies:

- In reducing their negative impact on the environment.
- In continually improving their environmental performance, whilst complying with any applicable legislation.
- In meeting their environmental and economic goals.

BPA-FREE

This logo indicates that the product, which is intended for food contact, does not contain Bisphenol A (BPA).

CE

The CE marking (an acronym for the French "Conformite Europeenne") certifies that a product has met EU health, safety, and environmental requirements, which ensure consumer safety. Manufacturers in the European Union (EU) and abroad must meet CE marking requirements where applicable in order to market their products in Europe.

CSFM

California State Fire Marshal. The state of California is regarded as having the most stringent fire codes of all the United States. Having the responsibility of preventing fire, the Californian Fire Service requires that all containers which are used in public areas to collect combustible materials (cigarettes) must pass an anti-fire test.

FDA

Food and Drug Administration does not approve products. The FDA sets regulations which require compliance.

FM

Factory Mutual is an independent testing agency whose approvals are based on Standard 6921 Combustible Waste Containers. Standard 6921 contains performance criteria for containers with covers (lids) and their ability to withstand internal fires, maintain a certain range of stability, if dumped, and stay intact over a wide temperature range. Standard 6920 contains performance criteria for Oily Waste Containers.

FOOD CONTACT

This logo guarantees compliance with the European Community regulation EC ni1935/2004 and EU Regulation 10/2011 that define standards for items that will be in contact with food. These standards relate to the production, materials and structure of the item, according to its use. Rubbermaid works closely with officially recognised European laboratories to comply with the highest standards in terms of "Food Contact".

GREEN SEAL™

This product meets Green Seal Standard GS-41 based on effective performance and protective limits on VOC's and human environmental toxicity. GreenSeal.org

newell
BRANDS

HACCP

HACCP defines critical control points and related processes to ensure basic hygiene requirements are met in professional kitchens. The intuitive use of products marked with this symbol guarantees that they comply with the HACCP-guidelines. Since the 1st of January 2006 the European Community Directives EC No 852/2004 and EC No 853/2004 have been prescribing the implementation of HACCP mandatory guidelines in the European Union territory.

ISTA

International Safe Transit Association. The Compacted Mops were tested and certified via ISTA Test Procedures.

NSF

National Sanitation Foundation is an independent testing lab/organisation in Ann Arbor, Michigan. NSF lists products which meet their criteria for cleanability and sanitation: food contact, splash zone and non-food contact, as per Standard 2: Food Equipment and Standard 18: Manual Beverage Dispensers. Also, Standard 21: Thermoplastic Refuse Containers. To find Rubbermaid NSF certified products, please go to: www.nsf.org/certified

TÜV

The TÜV certification officially certifies the compliance of the Rubbermaid Commercial Products with the European requirements.

UL

Underwriters Laboratory. The UL classified baskets meet the criteria for UL Standard 242 which is a stan-dard of performance for open top, non-metallic wastepaper containers. UL classified baskets are generally found in patient care rooms (hospitals/nursing homes).

United States Department of Agriculture Equipment Listing (Meat and Poultry and 3A Dairy Listing). Items that comply with USDA regulations via the design, construction and materials of a product.

Better for the environment...

- Minimum impact on the aquatic ecosystem
- Complies with the strict requirements of biological degradation
- Limited packaging waste

... better for you.

UV stabiliser added for maximum life in outdoor settings.

Indicates products that contribute to Green Cleaning and Sustainability.

Assembly required.

Hands-free products that help reduce the risk of cross-contamination.

Rubbermaid washroom guarantee

The Guarantee is against faulty workmanship and failure in operation when the products are used as directed. Guarantee is void should any claims be made on products that have been abused or vandalised, or if products have been used with non approved refills.

Products and components are subject to change without notice, and may differ from catalogue imagery. Refer to "pack" size for exact carton contents.

WASHROOM SOLUTIONS SKINCARE

AUTOFOAM WITH LUMECEL™ TECHNOLOGY

TOUCH-FREE DISPENSING SYSTEM POWERED BY LIGHTS

Rubbermaid Commercial Products introduces an innovative, new technology to touch-free skin care - AutoFoam, powered by the LumeCel™ rechargeable energy system. High quality foam soap in an attractive touch-free dispenser. Now more efficient and does not rely on alkaline batteries.

WHY LUMECEL™?

- LumeCel™ captures energy from regular indoor or natural lighting
- LumeCel™'s rechargeable energy system
- LumeCel™'s system is the cleanest, best choice for the environment
- LumeCel™ eliminates the need to manufacture, use and dispose of alkaline batteries
- LumeCel™ is completely self-powered

Touch-free delivery eliminates cross-contamination
Refill and energy cell life indicators make maintenance easy

Stop Changing Batteries
LumeCel's rechargeable energy cell and advanced solar panels make the AutoFoam completely self-powered by indoor or natural lighting.

MINIMUM LIGHT REQUIRED: 300 LUX

Traffic	Min. h level	Shots/ year	Average refills / year
Low	200	5.500	2
Medium	200	13.000	5
High	200	16.500	6

Zero Batteries

AutoFoam is now powered by the LumeCel™ rechargeable energy system, eliminating the need for alkaline batteries. It's completely self-powered by indoor lighting (both artificial & natural light).

Lower Maintenance Costs

Each AutoFoam skin care system is self-powered and works right out of the box. The need to purchase, store, replace, and dispose of batteries is eliminated.

Low Disposal Impact

Since no alkaline batteries are needed to operate the LumeCel™ powered dispensers, the need to dispose of them is eliminated.

Code: 1980825 AutoFoam Dispenser with LumeCel™ Technology Dimensions: 14.0 x 14.0 x 28.5 cm Capacity: 243 ml Colour: Pack: 6

MICROBURST® 3000 WITH LUMECEL™ TECHNOLOGY

INTRODUCING A REVOLUTIONARY NEW TECHNOLOGY TO THE WASHROOM

Rubbermaid Commercial Products introduces a revolutionary new technology to air care - the Microburst® 3000, powered by the LumeCel™ rechargeable energy system. With easy, flexible programming, and worldclass reliability, the Microburst® 3000 offers an effective air freshening system that is now better and safer for the environment.

- LumeCel™ captures energy from regular indoor lighting
- LumeCel™'s rechargeable energy cells are made from fully recyclable nickel metal hydride technology
- LumeCel™'s revolutionary green energy system is the cleanest, best choice for the environment
- It's 100% recyclable and eliminates the need to manufacture, use and dispose of alkaline batteries
- LumeCel™ revolutionary green energy system is completely self-powered and guaranteed to run automatically for years and years

Innovative Technology

Proactive days-to-refill display, scent replacement indicator, and optional audio tone

Easy, Flexible Programming

Maximum cost control, program to your needs

Stop Changing Batteries

LumeCel™'s rechargeable energy cell and advanced solar panels make the Microburst® 3000 completely self-powered by zero batteries indoor and natural lighting

Existing dispenser back plate

MINIMUM LIGHT REQUIRED: 300 LUX

Zero Batteries

The Microburst® 3000 is powered by the LumeCel™ rechargeable energy system, eliminating the need for alkaline batteries. It's completely self-powered by indoor lighting (both artificial & natural light).

Lower Maintenance Costs

Each Microburst 3000 air care dispenser is self-powered and works right out of the box. The need to purchase, store, replace, and dispose of batteries -is eliminated. It's also virtually maintenance free, reducing the potential of workplace mishaps or accidents.

Low Disposal Impact

LumeCel™'s rechargeable energy cell and solar panels help to create a positive environmental impact by being recyclable, which greatly reduces landfill fees and toxic alkaline battery disposal fees.

WASHROOM SOLUTIONS AIRCARE

TCELL™ DISPENSER SYSTEM

DISPENSER TCELL™ KEY WHITE 48 ML

- Revolutionary air care system that creates an environment that is fresh all day, utilising its patented fluid delivery system
- Patented, precision dosing delivery system; one dispenser covers from 3 to 4 toilets and urinals
- New fuel cell technology delivers fresh fragrance and odour control continuously for 60 up to 90 days per refill
- Stylish, contemporary dispenser design to complement any washroom décor
- High quality, long lasting designer fragrances that your customers will love
- Reliably delivers a consistent and continuous level of fragrance
- No batteries or electrical plug-in needed, just install and go
- No added VOC's
- SILENT operation

BEST SELLER!

TCELL™ REFILL FRAGRANCE INTENSITY CHART

A true odour neutraliser, TCell™ refills are available in a wide range of customer preferred fragrances from mild to intense for a clean, fresh scent that lasts. Conventional gel systems lose their fragrance intensity over the life of the refill, but TCell™ remains constant.

CLEANING COMMERCIAL SAFETY

HIGHLY ABSORBENT

Absorbs up to 32 ounces (0.94L) of water.

DRIES FLOORS FASTER

Leaves floor dry faster than a cotton string mop.

EASY RELEASE

Integrated release lever helps avoid contact with soiled mop during disposal.

NO DRIPS OR LEAKS

Absorbed liquid is locked inside to prevent drips or leaks during disposal.

DISPOSABLE

Quick and convenient. A clean mop every time helps prevent cross-contamination.

COMPACT DESIGN

Mop pads and telescoping handle fit in tight spaces.

BRUTE® CONTAINER

BRUTE® CONTAINER WITH VENTING CHANNELS 76 L

Proprietary design constructed with the highest quality material plus a UV inhibitor ensures long life in even the most extreme commercial environments.

- Guaranteed to never fade, warp, crack, or crush
- Rounded handles make lifting and moving easier, and are reinforced to resist tearing or damage from even the heaviest loads
- Reinforced base is specifically engineered to be dragged over rough surfaces, extending life and overall durability even in the toughest environments
- Contoured base handles improve grip and ergonomics, reducing strain and improving efficiency when emptying containers
- Meets NSF 2, 21 approval and is USDA Meat and Poultry Group listed, ensuring regulatory compliance for food storage and clean ability

SMOKERS' STATION

BUTT CAPACITY: 300

The attractive weather-resistant way to keep smokers' waste under control.

- Eliminate the potential fire risk of open top ash trays that also attract all types of paper litter and become soggy when it rains
- Made of weather-resistant galvanised steel or all stainless steel
- Bottom hinge on front door permits easy access to fire-safe galvanised steel inner liner
- Mounting hardware included

Code: FGR1012EBK	Smokers' Station	Dimensions: 25.4 x 7.6 x 31.8 cm	Material: Galvanised Steel	Colour:	Pack: 1
Code: FGR1012SS	Smokers' Station	Dimensions: 25.4 x 7.6 x 31.8 cm	Material: Stainless Steel	Colour:	Pack: 1

METROPOLITAN SMOKERS' STATION BUTT CAPACITY: 1800

EASY-TO-EMPTY

- Hinged lid flips open to provide complete access to the 6 liter galvanized liner. Simply lift out liner, discard waste, and re-insert

SECURITY FEATURES

- Integrated keyed cam lock secures lid against tampering and helps reduce replacement costs

AESTHETIC & DURABLE

- All-metal construction in a slim, contemporary design

WEIGHTED BASE AND BOLT-DOWN CAPABILITY

- Base features holes for standard 9.525 mm lag or concrete bolts (not included) and is weighted for stability

WEATHERPROOF FINISH

- Long-lasting Uni-Koat® powder-coated finish

USER-FRIENDLY

- Stainless steel snuff plates on both sides of unit

Code: FGR93400BK Metropolitan Smokers' Station Dimensions: ø 42.7 x 108.7 cm Material: Aluminium Colour: ■ Pack: 1

GROUNDSKEEPER™ TUSCAN

BUTT CAPACITY: 600

Combines clean good looks with easy GroundsKeeper™ maintenance.

- Waste concealment and odour control
- Blends with many architectural styles
- High-capacity ash containment system
- Anchor holes for added security
- Security kit available to bolt product to the floor

Code: FG9W3000BLA GroundsKeeper™ Tuscan Dimensions: 35.7 x 35.7 x 102.9 cm Material: Polyethylene / Galvanised Steel Colour: ■ Pack: 1
